

JOHN ORR ENGINEERING SCHOOL OF SPECIALISATION

PROVIDING QUALITY, INNOVATIVE EDUCATION IN A SAFE AND SUPPORTIVE ENVIRONMENT
TO EQUIP OUR LEARNERS WITH TECHNICAL, ENTREPRENEURIAL AND LIFE SKILLS FOR A
SUCCESSFUL FUTURE.

15 May 2026

NOTICE TO ALL PARENTS AND GUARDIANS

Dear Parents and Guardians

RE: NEW DROP-OFF AND PICK-UP ARRANGEMENTS

Please be informed that due to severe congestion in the school driveway during morning drop-off times, the school has implemented new learner drop-off and pick-up arrangements.

Effective from **Monday, 18 May 2026**, all parents and combi drivers are requested to drop off learners at the designated area outside the school near the traffic circle on Owl Street. Learners will enter the school premises through the small gate situated on Owl Street.

The same arrangement will apply after school. Parents collecting learners, including those attending extra classes, are requested to collect them outside the school at Owl Street.

This decision follows ongoing observations of congestion and disorder caused by the high volume of vehicles entering the school premises during drop-off times. In addition, our security personnel have experienced increasing levels of non-compliance with driving and parking instructions during these periods. No learner will be dropped inside the school premises.

We kindly request all parents and drivers to exercise patience and consideration towards one another during morning and afternoon traffic at Owl Street. Please also ensure that learners are safely dropped off before driving away.

Please note that the small gate will close at **08h00**. Learners arriving late after this time will be attended to by the school disciplinarians.

We thank you for your cooperation and support as we work together to ensure the safety and smooth running of the school environment.

Yours faithfully,

MM Mutsharini
Principal
John Orr Engineering School of Specialisation
